Stronger teeth, better well-being

Patented MBG and fluoride: Rapid remineralization for stronger and better-protected teeth
Proven dental care cream from a trusted manufacturer

Desens[®] Bio-Care

A special dental care cream for daily use by both adults and children,
in clinics and at home:

To strengthen teeth, prevent caries, and relieve sensitivity

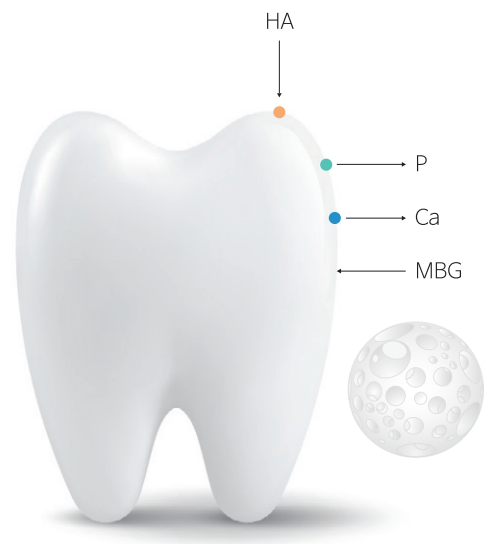

Desens[®] Bio-Care is a daily-care dental cream suitable for both professional and home use. Its patented MBG (Mesoporous Bioactive Glass) and fluoride react with saliva to release calcium and phosphate, rapidly forming hydroxyapatite - the main component of teeth and bones. This results in stronger teeth, a reduced risk of caries, and decreased sensitivity. Desens[®] Bio-Care promote oral wellness across all age groups.

Indications

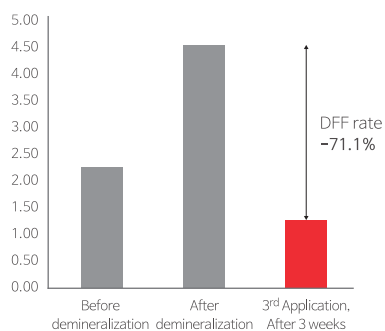

- Relief from sensitivity in exposed cervical areas and hypersensitive teeth
- Reduction of post-treatment sensitivity after scaling or tooth whitening
- Reinforcement of weakened enamel due to white spot lesions or early caries
- Protection for high-risk teeth due to hygiene challenges (orthodontic patients, children, military personnel)

Benefits

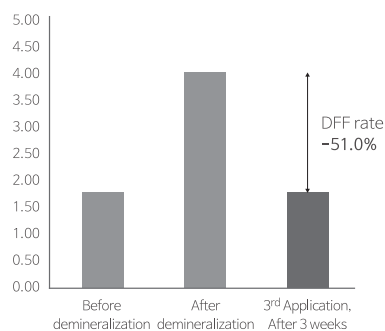

- Supports long-term success of clinical treatments
- Professional guidance for targeted care of problem areas
- Effective and long-term dental protection with daily use
- Smooth texture and pleasant peach flavor for enjoyable use
