

THE-SEP®

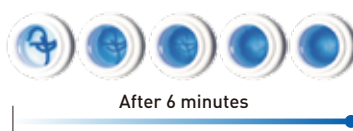

WATER-SOLUBLE VASELINE

Separating agent and oxygen-blockers act simultaneously.

Advantages

- Water-soluble vaseline / separator with vitamin
- Easy removal of excess cement
- A temporary prosthesis can be used for isolation or oral agent such as laminate
- An implant and the adhesive strength of the temporary adjustment cement
- It can be used as an oxygen-blocker
- Cherry flavor

Applications

WATER-SOLUBLE VASELINE

SHADE Blue, White
